Dear Pam,

We had a blast! Thank you so much for being such an important part of **TREASURES OF THE VINE!** This high energy annual event has rapidly become a huge success. We are grateful for the wonderful help and response we received from you, and, from the community. The Victory Center is lucky to have such generous and loyal friends. Your enthusiasm and dedication really paid off. In a very tough economic climate, we raised over \$26,000.00.

The Victory Center is an Oasis for cancer patients. Our services include massage therapy, reflexology, energy work, yoga, meditation, support groups, and, so much more. Our goal is to supplement conventional medical treatment with programs that nourish the spirit and soul of the cancer patient. Providing services at no charge allows us to serve the entire community, not just those who can afford it. In the year 2002, over 300 individuals used the programs here approximately 4,000 times.

Once again, thank you from all of us at The Victory Center. We can't wait to start working on next year's event.

Sincerely,

Ann Forman
Fundraising Coordinator

Pam -
Thank you so
much!
We love you!
